Our Web and Community

This events will connect local developers, IT professionals, startups, enterprises, government bodies and students. It will serve as a critical platform for digital transformation, positioning Málaga as a tech-forward city in Southern Europe.

GlobalAzure

First **GlobalAzure** in Malaga event with a great agenda of workshops and talks organized by developers from around Malaga, with free breakfast, beers and gifts.

GlobalAI

This event connects participants with industry leaders, exploring the latest in AI advancements and practical applications fostering innovation and collaboration on a global scale.

GlobalDevopsx

This one-day event was hosted by many venues all over the world. You are part of a team in a fictitious company, Globoticket, and help them to overcome some difficult and relevant challenges in the field of Platform Engineering, DevOps and Software Development. The event is centered around GitHub and Azure and AI and is the first global GitHub community event!

**Lets' Collaborate
to Grow Together**
